

It's like paper, only better.

PolyPattern invites you to test!

Everyone can claim that their CAD system is the fastest and easiest. Only PolyPattern is ready to prove it. See for yourself how we create the graded patterns for a complex skirt with ruffle in less than 8 minutes. Ask the other systems to do the same, and compare the results yourself.

PROCESS	PolyPattern	Other	Other
Basic Front and Back Pattern	00:01:40		
Add Seam Allowances	00:00:10		
Grade the Front	00:00:24		
Copy Grading from Front to Back	00:00:05		
Place Patterns and Sketch Cut Lines	00:01:05		
Extract Patterns	00:00:52		
Align Pieces and Set Pattern Direction	00:00:22		
Create Ruffle Piece and Add Button Holes	00:01:35		
Assemble Garment	00:01:25		
TOTAL TIME	00:07:38
